EDITORIAL

Readers have doubtless noticed that, along with most other retail goods, the prices of our magazines have risen in recent months. We would like to point out, however, that the quality of these magazines has risen accordingly. PLAYBIRDS, for example, is now printed on top quality, heavyweight, glossy paper WHITEHOUSE, the best-selling sex magazine in the U.K. is also considerably improved, and it's now in an unchallenged position as the most sexually explicit magazine on open sale, PARK LANE has almost doubled its budget on model fees, with the result that the girls are more sexy and beautiful than ever before, and LOVEBIRDS has improved so much in recent issues that it's scarcely recognisable, if totally uncensored Lesbian sex scenes appeal to you, you'll LOVE it! Our magazines are still available at most newsagents, but in case of difficulty they're always available (add 25p for carriage) from 34 Upton Lane, London E.7. Alternatively, look at the list of shops on page 64, and see is any of them are near you.

Our range of sex magazines is extensive and caters to every taste, and we would like to take this opportunity of welcoming you to our shops.

Filmwise, there are 3 outstanding sex features we highly recommend right now: VIOLATION OF THE BITCH. Without doubt the hottest film to be shown on the British screen in years. Because of its highly explicit content, it is unlikely it will be shown outside the Soho area – where it's NOW being screened at the Moulin Cinema, Gt. Windmill St, Soho.

QUEEN OF THE BLUES, a non-stop all sex feature which is currently playing to packed houses at the Moulin Cinema, Gt. Windmill Street, Soho. Stars the late MARY MILLINGTON and dozens of her randy ex-girlfriends!

CONFESSIONS FROM THE DAVID GALAXY AFFAIR – probably still showing at the Moulin Cinema, Gt. Windmill St., Soho. Also features Mary Millington, with Rosemarie England and Diane Dream in lots of horny sexy scenes NOT to be missed by pussy lovers!

INTERVIEW

INTERVIEW WITH THREE HOUSEWIVES

We recently invited three housewives to come to our offices and talk to us. The subject matter – housewives who have 'a bit on the side' while their husbands are away at work. We wanted to find out why seemingly respectable housewives indulge in extra marital sex during the day while hubby is away. The three woomen were: Jean, aged twenty-three from London, married for two years. Kate, aged twenty-five from Leeds, married for three years. Sue, aged twenty-seven from Manchester, married for five years. We taped the conversation. For the first half-hour or so we talked about general things and then, when they were relaxed our interviewer got down to the nitty gritty.

PC: All three of you admit that while your husbands are away at work you have sex with other people. Why?

JEAN: I get bored being on my own during the day.

KATE: Yes, that's my reason as well.

SUE: I just like sex. I suppose I'm a bit of a nympho really. My husband is great in bed, he has a lovely cock, but I get randy during the day.

PC: How did it start?

KATE: With me it was the milkman, yes the milkman. I was feeling rather randy that morning, and he came in for a cup of coffee and we started talking. For some reason I wanted to find out what his cock looked like?

PC: And what did it look like?

KATE: He had a really nice cock. It was ten inches long and as thick as my wrist. It sent shivvers up and down my spine just looking at it.

SUE: With me it was the man who came to fix my central heating. He was a good-looking bloke, full of chat and charm. It seemed only natural to go into the bedroom.

JEAN: With me it was the plumber.

PC: Yes, but why?

JEAN: I was feeling sexy, my husband was away for a couple of days on business. That sort of thing.

SUE: Same with me.

KATE: And me.

PC: What sort of sex? By that I mean did you do things with these men that you wouldn't do with your husbands?

SUE: No, not really. But there was an added thrill to it, you know, doing something you weren't supposed to. This bloke had been working on my central heating for a few hours and we were in the bedroom. I was wearing a very thin sweater, and I saw how he kept looking at the way my large tits stuck out. Well, one thing led to another and I asked him if he wanted to see my tits. He nodded and I took my sweater off. You should have seen his face when he saw just how large my tits were. And the sight of my really stiff pink nipples made his mouth water.

KATE: Same sort of thing with me. Only I asked him to take his clothes off so I could see his cock.

SUE: I think we got undressed together.

PC: Then what happened?

KATE: I sucked him off.

PC: You like the taste of spunk then?

KATE: Yes, I love the taste of spunk.

SUE: That goes for me as well.

JEAN: And me. There's something about that thick white stuff that shoots out of a man's prick that makes me go weak at the knees. The taste is really marvellous.

KATE: Hey, I was talking about sucking off first.

PC: And how do you suck a man off?

KATE: First of all I use my tongue. I just run the tp of it up and down his shaft and then I pull the foreskin all the way back and start sucking, very gently, on the glans.

SUE: I always start on the balls. I like having a man's balls in my mouth.

JEAN: I prefer playing with the cock with my fingers at first. I love to feel a cock throbbing away in the palm of my hands.

KATE: I suck him till he comes, and then when his sperm shoots into my mouth I swallow it all down.

SUE: It makes me randy just talking about it. But I prefer to pull his cock out at the last moment and let his hot spunk go all over my face. I like to feel the sperm swimming over my nose and running down my chin. Of course I make sure that some of it goes into my mouth.

JEAN: When he comes, I take half the spunk into my mouth and then I pull his cock out and wave it over my tits so that the rest of the spunk goes over my nipples.

PC: Why is that?

JEAN: Well, as you can see I have large breasts, in fact they are so large that I can suck my own nipples.

KATE: You lucky thing. I wish my tits were large enough to do that.

PC: So, Jean, you can actually suck your own tits?

JEAN: Yes, do you want to see?

PC: Later, perhaps.

SUE: I'd like to see it. You see I'm bisexual and...

PC: Yes, we'll come to that later. We were talking about Jean and the spunk over her breasts.

JEAN: Well, I pulled at his cock with my

fingers till he hasn't got any more spunk left inside him, then I push my right tit up with my hand, lower my head, and then I use the tip of my tongue to lick up all the hot spunk. I then do the same with my other tit. I always get an orgasm from sucking spunk from my tits, always.

SUE: I'd like to see that. In fact I'd love to suck spunk from your tits anytime.

JEAN: But I'm not bisexual.

SUE: I could soon teach you.

PC: Yes, we'll come to the question of love between women a little later on. Right now we're talking about how you make love when your husbands are at work.

KATE: After I've sucked him off I then get him to suck me off.

PC: And it doesn't bother any of you that while you are making love like this, that your husbands are at work?

KATE: No, not really.

SUE: No, why should it? I don't see anything wrong with a bit on the side.

JEAN: Nor do I. I get bored at home with just the housework to do. A bit of sex now and then keeps me happy.

KATE: Can I carry on about how I get a man to suck me off?

PC: Yes, please continue Kate.

KATE: I happen to think that I've got a nice pussy. You see my cunt lips seem to pout out all over the place, and so that they will be seen, I've shaved off all my pubic hair. Anyway, I stretch out on the bed and get him to shove his tongue inside me and suck me out.

SUE: I love being sucked out as well. I always have an orgasm when I feel a man's tongue going into my tight little cunthole. I make sure he swallows down my cunt juice as well.

JEAN: Yes, it's great to hear, and feel, a man slurping away inside your cunt. I'm a very juicy lady, and when a man sucks me out I must spurt out a good pint of cunt juice into his mouth.

SUE: A pint?

JEAN: Yes, a full pint of cunt cream, all into his mouth.

SUE: In that case I'd love to suck you out.

JEAN: Well, I don't know about that.

SUE: You should try it. I reckon that only a woman really knows how to suck another woman out properly.

PC: Could we get back to the subject?

KATE: I love it when a man takes my clit in his mouth and sucks on it. My clit is very, very sensitive. I have a multiple orgasm when a man sucks me there.

SUE: So do I. And while I'm being sucked out I always use my hands and play with my own tits. I rub my nipples and tweak at them with my fingers.

PC: You all seem to be very 'juicy ladies'. Tell me, have any of you ever tasted your own cunt juices?

KATE: Sometimes, after I've wanked myself off, I licked my fingers. I don't know if I like the taste or not.

JEAN: I love the taste of my own cunt juices. My juice is really hot and salty, and like Kate, I wank myself off, and then I give my fingers a good sucking afterwards.

SUE: I do better than that. I take my juices from the man who is sucking me off. It's really nice that way.

PC: Could you explain that a little more?

SUE: Certainly. I get the man to plunge his tongue deep into my cunt hole and suck me out to an orgasm. Then I tell him to fill his mouth up with my cunt cream, and after that I get him to kiss me on the mouth. He then opens his lips and all that cunt juice he's just sucked out of my pussy hole drips from his lips and goes into my mouth, and that's how I swallow down my own pussy juice.

JEAN: That sounds really nice. I must try it sometime.

SUE: You should, there's nothing quite like drinking down your own pussy juice from a man's mouth after he's tongue fucked you. Yes, it's really wonderful.

PC: Getting back to this extra marital sex business. Could each of you tell me with what man you enjoyed it most.

SUE: That's an easy one for me to answer. A couple of weeks ago this man turned up at the door, he was from a market research organisation and he was asking how I'd vote at the next council election. Well, he looked a little bit like my husband. So I took him into the bedroom and fucked him.

PC: And did he fuck as well as your husband?

SUE: He was better, much better, let me tell you about it. I took off my clothes and when he saw my tits and the fact that my cunt lips were already damp a great bulge appeared in the front of his trousers. I undressed him and he had a really great cock. It was almost twelve inches long and much thicker than my wrist.

JEAN: Twelve inches long? You lucky thing.

SUE: Yes, wasn't I. Well, I sucked his cock for a little while to get it really hard, and that cock was so hot and salty that just having it in my mouth gave me an orgasm. I then got on my hands and knees on the bed...

PC: You like that position?

SUE: Yes, being on my hands and knees and having a man push his cock into me from the back is the best position there is as far as I'm concerned. Anyway, he got behind me and I moaned with pleasure when he pressed his stomach up against the cheeks of my bum, and then I had a massive orgasm as he slid his cock into my tight little cunt hole.

KATE: I always have an orgasm like that as well. As soon as I feel the cock start to slide into my pussy hole I go mad with desire.

JEAN: Same with me. Well, let's face it, a cunt is made for a cock, isn't it? When a man goes into me, like Sue and Kate, I have a great climax.

SUE: Anyway, there I was on my hands and knees on the bed and he was kneeling behind me, and his cock went all the way into my cunt. That twelve inches of his really filled me up, I can tell you. His swollen glans went right up to the very depths of my hole. It was lovely. Now I'll tell you why that is my favourite position. You see, when I'm like that it means that I can reach backwards and take his balls into my hand while he is fucking me. I like to pull those balls and feel his hard cock slamming in and out of my tight cunt. He had a huge glans as well, and it really battered away inside my tight pussy. And what with me pulling his balls like that, when he came he shot a massive load of hot spunk into me, filled me up with the hot stuff he did. Yes, he was the best bit I've had on the side.

KATE: What's the best part of a fuck?

SUE: How do you mean?

KATE: Well, what part do you enjoy most? I like it when the hot spunk shoots out into my cunt. I can feel the sperm swimming about inside me and that gives me a great orgasm.

PC: Yes, that's an interesting question. Tell us. Sue, what part do you like the best when you're being fucked?

SUE: I like it all. Every part of it, but like Kate I reckon feeling the sperm blasting into you is just above the best part of it all.

JEAN: Yes, I agree. Having great globs of hot spunk gushing into my cunt hole makes me go crazy with lust.

PC: Sue, you were saying why this particular fuck was one of the best you've had since you started cheating on your husband.

SUE: I don't think it is cheating. I'm just a normal girl who likes sex. My husband is out all day long so why shouldn't I amuse myself every now and then. But to answer your question. It was the best fuck, because although he was only there an hour he managed to come four times. Yes. I had four full loads of spunk spunk inside my pussy hole in an hour.

PC: Kate, which was your best fuck?

KATE: That's an easy one. It was with this man who called round to fix my washing machine. He started making suggestions from the word go. He had a very large prick and he really knew what to do with it. He shoved it deep into my cunt hole and filled me up with it, then he fucked me till I didn't know what day it was. When he ejaculated there was so much spunk that it overflowed from my cunt hole and dripped down the inside of my legs. After he'd taken his cock out, I wiped the spunk from my legs with my fingers, and then I sucked my fingers in my mouth. Well, it would have been a great pity to have wasted any of that lovely stuff.

PC: How about you, Jean?

JEAN: It was with the man who came to mend the television. I won't go into details, but we ended up in the bedroom and as I started to suck him off he asked if he could come all over my face, he said he loved to see his spunk swimming about on a woman's face.

PC: What did you say to that, Jean?

JEAN: I agreed, of course. After all, I like that sort of thing as well. So I stretched out on the bed and he knelt by the side of my face, and he took his cock in his right hand and started to wank himself off, and while he was doing that, I pushed three of my fingers into my own cunt hole and finger fucked myself to an orgasm. My juices flowed and bubbled from my cunt hole, and all the time I was looking up at him and watching him wank himself off.

PC: And what happened then?

JEAN: What do you think happened? If you don't mind my saying so, that is a silly question. I finger fucked myself to some great orgasms, and he worked away on his own cock for all he was worth. And as he wanked his glans got bigger and more swollen with each stroke of his fingers. In fact that knob got so hard and swollen that I thought it was going to explode. And in the end it did seem to explode, in a huge gushing torrent of hot spunk.

SUE: That must have been lovely. I mean, watching all that spunk jet from his prick and shoot through the air.

JEAN: Yes, it was lovely. His cock was a few inches from my face at that time, and his spunk sparkled in the light as it jetted through the air, and then that lovely stuff started to splash and splatter down all over my face. That gave me an orgasm on the spot. There was one hell of a lot of spunk as well. It went in my hair, in my eyes, stuck to my forehead, ran down my nose and...

KATE: I'd liked to have seen that.

SUE: So would I. I'd have liked to have been there so I could lick it from her face afterwards.

JEAN: Lick it from my face? You mean you would have used your tongue to lap up that sperm from me?

SUE: Yes, well I did tell you I was bisexual.

JEAN: Well, he kept pulling at his cock until every last drop of spunk had come out of that lovely thick cock of his, then he pushed his cock into my mouth and I sucked it dry for him. Then I used my fingers and wiped the spunk from my face, then I put my fingers into my mouth and sucked them dry.

PC: Sue, you keep mentioning the fact that you're bisexual, does that mean that you've had a lot on the side with another woman. And does your husband know about it, about you being bisexual I mean?

SUE: No, he doesn't know that I fuck with other women every now and then. I don't think he would approve even if I did tell him. And the answer to your first question is, yes, I have fucked with other women while my husband has been at work.

PC: Would you care to tell us about that?

SUE: I'd love to tell you about it. The woman was from one of those companies that sell perfume door to door. She was about my age, and really good-looking. There was a look in her eyes which told me she was bisexual, and after I had bought some perfume, she came over and kissed me on the mouth. She really could kiss. Her tongue went deep into my mouth and pretty

soon I was swallowing down her saliva. Then we went into the bedroom. She undressed me and then I undressed her. She had a marvellous body, full, firm tits with stiff red nipples, nice long legs, and a pussy hole that was all crinkled and fleshy. She was very worked up, for I could see her cunt juices starting to dribble from the soft folds of her cunt lips.

JEAN: I don't see how you could be turned on by another woman. By a thick throbbing cock, yes. But not by another woman's cunt.

SUE: Don't knock it unless you've tried it. Look, do you want me to go on, or don't you?

PC: Yes, please carry on with your story, Sue.

SUE: Right. Well we both got on the bed and the first thing I did was go down on her and use my fingers to pull her cunt lips wide open. Then I looked inside her, and she had a beautiful pussy hole. I could see her thick juices bubbling about all over the place, and that hole looked very tight indeed. She also had a very large clit. I sucked at that clit and it got really hard in my mouth. Then I shoved my tongue deep into her quim and started to suck her out.

KATE: You mean you actually swallowed down another woman's pussy juices, swallowed them down all the way?

PC: I think we should listen to what she has to say.

SUE: Thank you. Look, let's get this straight. I see nothing wrong with sucking out another woman and swallowing down her cunt juices. Nothing wrong at all. Anyway, I sucked her out for some time, and then she did the same thing to me. She plunged her darting tongue into my tight cunt hole and she ran the tip of her tongue all over my internal walls and gave me a lovely orgasm, then she swallowed down my juices. After that we got into the old 69 position and sucked and tongue fucked each other off at the same time. She really slurped away inside my cunt and gave me one of the best orgasms of my life.

PC: When you are cheating on your husband, when you are having a little bit on the side, as they say, what do you prefer, men or women?

SUE: On balance, I suppose I prefer men, for they have hot spunk inside them, and hot spunk is the thing that I'd do anything for, anything at all. The taste of it is out of this world. Yes, I prefer men, but I also enjoy other women.

PC: Since you've all been married, how many times have you made love with other men?

KATE: About ten men I suppose.

JEAN: At least a dozen.

SUE: So many that I can't remember.

PC: And it doesn't bother you at all?

KATE: As we've all said, our husbands shouldn't leave us alone all day long. After

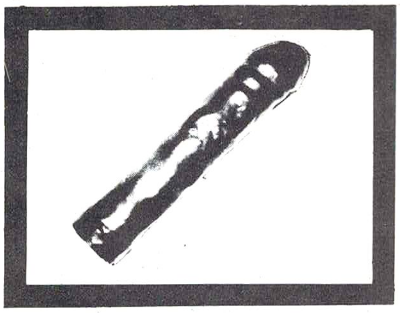
LADY CAN'T SAY NO
VIBRATING
PENIS



A viciously effective 'whip-hand' stimulator (available in black or white), as favoured by the ladies of the Brazilian aristocracy. Its unique snake-like action mercilessly activates the nerve endings of the vaginal orifice, nerves which are by-passed by the conventional vibrator (which is active only at the tip).
This unique action also stimulates the lubrication duct, and women who 'thought they knew themselves well' report a massive increase in fluid emission, after just a few moments alone with the Vibrating Penis. It is contoured according to the penis of a donkey (which has more pleasure-giving bumps and ridges than the human penis), but is sensibly proportioned at 7½ inches long. Until very recently, the Vibrating Penis was a black market item selling at £10 or more, but we are able to offer this brand new concept in female stimulation at the more reasonable price of £3.99 post free.
AVAILABLE IN BLACK OR WHITE

SEX BOOST CREAM
To be rubbed on the male penis before intercourse and on the female vagina. This cream lubricates AND intensifies the sexual pleasures of intercourse. GUARANTEED TO TURN ON ANY WOMAN, a real passion raiser! Would turn a nun into a nympho!

SHORT CUT TO
SEXUAL PLEASURE!

Two different sex aids for every female, at a very special price.

SEXY LOVE EGGS
The Orient's favourite sex turn-on consists of two light balls with heavier balls inside and joined with twine. Geisha girls still insert them in their vagina to become sexually excited before performing their love arts. We call them *love eggs* and their popularity is world-wide.

RUBBER VIBRO
Today's advancement in technology and electronics has had its effect, even on sex. The best example of this being the vibrator. The best vibrator is the *soft bendable* type. Comfortable for the female because, unlike the solid version, it gives with the ecstasy of the orgasm.

BIG CUTS TO PLEASURE
Because of bulk purchases we now have vast stocks of both and are passing the savings on to you.

INTERVIEW WITH THREE HOUSEWIVES

Continued from page 8

all, we're three very sexy housewives. It's their fault we screw with other people.

PC: In all the times you've been unfaithful to your husbands what is the most unusual experience each of you has had?

JEAN: That's an easy one. One day a man knocked on my door and he was selling underwear, you know, the real kinky kind. He showed me a bra with holes cut in the cups for the nipples to show through, and I put it on and he fucked me while I was wearing it. That really turned me on a great deal.

PC: What about you, Kate?

KATE: I had a man come to the door once. He was selling sex aids. I bought a vibrator from him, and he tried it out on me. He shoved it into my cunthole and gave me a really good wanking off.

SUE: That must have been the same man that came round to my house. Only he tried to flog me this large dildo.

PC: Did you buy it?

SUE: Yes, on the condition he showed me how it worked. He liked that a lot. We went up to the bedroom and I took my clothes off, then he rubbed the head of the dildo up and down the folds of my cunt lips, and that gave me an orgasm on the spot. That dildo was really huge. It must have been thirteen inches long and...

JEAN: Thirteen inches! How on earth did you manage to get it all into your pussy? Thirteen inches is a hell of a size, a hell of a bloody size.

SUE: Well, I wanked myself off with my fingers first, and made sure that all my thick sticky cunt juices were boiling up and flowing down, then when he eased that thick dildo into my cunt it went in nice and smoothly. He flashed it in and out of my cunt just as fast as he could, and I had a great orgasm. Afterwards, when he had taken it out, I held it in my hand and then licked my own cunt juices from it.

PC: Have you ever been caught by your husbands?

KATE: No, but I've had a couple of near misses.

JEAN: Same here.

SUE: No, I make sure my husband is well out of the way before I have a fucking session with anyone else.

PC: Jean, tell me more about this plumber you mentioned, the one you first had sex with, the one you first cheated on your husband with.

JEAN: You mean the one who came all over my tits, and the one who watched me suck the sperm from my nipples with my tongue?

PC: Yes, that one. Tell us more about him. I'm interested in what happened the first time you cheated.

JEAN: Well, I was a little nervous to begin with, after all it was the first time I'd ever been unfaithful to Frank, my husband. But the plumber, his name was Dave, had such a lovely cock that I soon stopped being nervous. I remember that when he drove that prick into me for the very first time I forgot all about my husband and just concentrated on having a fucking good screw. He could really screw as well. That cock of his, inside my cunt hole, gave me more orgasms with each thrust than my husband ever has. He was also a little kinky, the plumber I mean.

PC: Kinky? In what way was he kinky?

JEAN: Well, not really kinky I suppose, but he did ask me to do something that I'd never done before. Though I must admit that I enjoyed it a great deal. He fucked me really hard then he filled my tight pussy up with a huge amount of spunk, then he went down there and pulled my cunt lips open so that he could look inside my pussy and see his sperm swimming about inside me.

SUE: There's nothing kinky about that. I often pull my cunt lips open after I've been fucked so that I can see the sperm bubbling about inside me, and I love it when the man looks in there as well.

JEAN: No, that wasn't the kinky part. You see he asked me to push my fingers into my own cunt and pull out some of his hot spunk, and then he wanted me to place my fingers in my mouth and suck them dry.

PC: And did you do that, Jean, did you taste his spunk from your pussy hole?

JEAN: As a matter of fact I did. It was something that I would never have done for my husband, but this was a lot different, I felt more relaxed with this man, after all there was no emotional involvement. Anyway, I pushed three fingers very deep inside my cunt hole and moved them about in there for a little while, and when I pulled them out they were, of course, all coated and covered with his hot spunk. I then

pushed my fingers into my mouth and sucked them dry, just as he asked me to do, and I must admit that the taste of that spunk, fresh from my cunt hole, was one of the best tastes I'd ever experienced. You see the spunk was all mixed up with my own sticky cunt juices, and the combined taste of hot spunk and salty pussy juice really turned me on, and as I swallowed that mixture down I had one hell of beautiful orgasm.

SUE: I've had a better one than that. I was at a party once, and I went down on a girl who had just been fucked and I licked all the spunk out from her cunt hole.

PC: That's very interesting, Sue. But we are talking about people you have cheated with while your husbands are out at work. I'd be grateful if we could keep to that subject.

KATE: I had a man once, he was the postman as a matter of fact, he liked looking at his spunk inside my pussy hole. Next time he fucks me I'll do what Jean here has just described. It sounds like fun to pull some sperm from your cunt hole and then suck it down.

JEAN: Yes, it is fun. The taste is out of this world.

PC: Time is running out. I wonder if each of you would now tell me about the most exciting things you have done while with men, other than your husbands.

KATE: Well, I just fuck really. I don't go in for a lot of kinky stuff. I just like a straight fuck with a man plunging his cock deep into my pussy hole and filling me up with real hot spunk.

JEAN: Same with me, I suppose. I enjoy a good screw. My husband is away a lot, so I have to get it where I can find it, and like Kate, I love feeling spunk jetting into my cunt hole.

PC: Sue, from what you've been saying I gather that you're about the kinkiest of the three here, do you want to tell us about some of the kinky things you've done?

SUE: Well, as I think I've mentioned, I'm a bit of a nympho, and where sex is concerned I'll do anything at all. So it's not really a question of being kinky. Sex, when it's enjoyed by two people, or even more than two, together, is a natural thing. I don't think that anything I do is kinky.

PC: Okay, let's put it another way. Tell us about some of the more unusual things you've done.

SUE: That would take a very long time. Let me think. Yes, there was the time that two men came round to the house to repair the gas fire. I fucked both of them at the same time. One of them shoved his cock into my mouth and the other one put his cock into my cunt hole, and they both managed to come at the same time. I had spunk in my mouth, which I swallowed down, and a really huge load of spunk in my cunt hole, which I pulled out, bit by bit, with my fingers, and then sucked it from my fingers. Yes, I reckon fucking with two men at the same time was one of the most kinky things I've done.

PC: Do all three of you still mean to continue being unfaithful to your husbands?

KATE: As long as he leaves me on my own at home every day then when I feel randy I'll fuck with the first man that comes to the door.

SUE: In my case I'll fuck with the first man, or woman, who comes to my door. The more the merrier.

JEAN: Same goes for me, not the other woman bit of course. In fact I screwed with a man only yesterday. He knocked on the door asking if he could use my phone as his car had broken down, and in no time at all we were in the bedroom fucking away like mad. He had a lovely thick cock, and it felt great inside my cunt. He also had a hell of a lot of spunk inside him. He fucked me three times and I sucked him off and swallowed down his spunk twice as well. Yes, he was a really good fuck.

SUE: Lucky old you. I remember one man whose prick wasn't very big, but he really knew how to move it round inside my cunt. He gave me a great orgasm. Yes I've found out, since I've been screwing anyone who comes to my door, that the size of a man's prick has nothing to do with it.

KATE: That's right, I always go by the amount of hot spunk he managed to shoot into my cunt. The more spunk the better I rate him.

SUE: I agree. Give me hot spunk every time. You know, unless I have a cunt full of hot spunk at least once a day then I feel deprived. I love to feel that hot thick come slurping about inside my quim hole.

JEAN: I love it over my face most of all. It's nice inside my cunt, but every now and then I love getting it over my face, and the rest of my body for that matter.

PC: Well, it seems to me that the reason you are unfaithful is that you like sex, that your husbands leave you alone too long during the week, that with you natural sexual urges you have to find some other outlet, other than your husbands, for sexual satisfaction.

SUE: If by that you mean, do we like fucking, then the answer is yes. I'd fuck all day and every day if I got the chance. I bet Jean and Kate would as well.

JEAN: Yes, that's true.

KATE: Same goes for me.

PC: Do you think there are many other lonely housewives who think the same as you three do, other women who fuck with men who come to the door while their husbands are away at work?

SUE: Hundreds of them. Knock on most any door in the suburbs of any posh part of town anywhere in the country and you're bound to find a woman there who wants her cunt hole filled up with thick cock and hot spunk.

PC: I think we'll leave it at that. Thank you ladies for being so frank with us, and I'm sure the readers of Playbirds Continental will be fascinated at your frankness and the way you have been so open about cheating on your husbands.

PART THREE

THE MAN IN LADIES UNDERWEAR

PLAYBIRDS Continental SERIAL

Bill works for a firm which makes kinky underwear. He works on commission only and sells from door-to-door. He doesn't make much of a living, but every now and then he has his moments and he makes a big sale and gets a good screw into the bargain. So far he's told us what he did in Bristol and Newcastle, and now he tells us what happened to him in Liverpool, and what happened is very unusual indeed.

I made three calls in Liverpool before I made a sale. The woman fell in love with our special white silm bra. It had holes cut in the cups so that the nipples would show through. For a moment I thought she was going to let me see her in it, but she didn't.

The next call was to a woman on the other side of town. She liked the look of a pair of knickers which had a great gash cut in the front so that her quim lips would peep out. She even undressed in front of me and tried them on, and I got very worked up when I saw the great pouting folds of her fleshy pussy lips sticking out. I tried to make a pass at her, but she told me to get lost.

I made six more calls that morning, and not a single sale, and the afternoon wasn't much better. I made just one sale, a woman wanted a pair of stockings.

I booked in at my hotel and had a meal. Later that evening I was sitting in the bar talking to a man, and he asked what I did, I made him promise not to laugh, and then I told him. He didn't laugh, instead he thought very deeply, then he handed me his card and told me to call at his house the following night, he said he might have a little business to put my way.

The next morning I went on my rounds again. The first woman I called on was a sexy little thing, and she took her clothes off right in front of me and then tried on one of our sling bras, which doesn't hide the nipples at all, in fact all it does is lift the tits up. Then she put on a pair of black silk knickers, and these knickers had a hole at the back for the bum to show through. She started to run her hands over her body, and played with her breasts, and my prick started to bulge in the front of my trousers. She then laughed, paid me for the stuff, and told me that I wasn't good looking enough for her.

And that's how it went for the rest of the day. I sold a few things – not enough to make a living – and every woman I tried to chat up told me to go and get lost.

That evening I went round to the house of the man whom I'd met in the bar. It turned out that he lived in a huge house just outside Liverpool. In fact it was more a mansion than a house.

I rang the doorbell and he opened the door himself. He took me into the lounge, and the furnishings in that lounge must have cost twenty grand if they cost a penny.

He poured me a drink and we talked about this and that for a while, and then he leant forward in his chair and said: "Look, later on tonight I'm giving a bit of a party. Well, not really a party, I'm entertaining some important business people, and I've also got some girls to come along as well."

"You mean you're throwing an orgy?" I asked.

He smiled. "Yes, that's right," he agreed. "I supply the girls, the blokes are happy, they give me the business orders I need. That's the name of the game."

"Where do I come in?" I asked.

"Well, I'm always looking for something unusual," he said. "I was thinking. If you could fit my girls out in your kinky underwear then I'd make it very worth your while. I'd buy up all your stock, give you five hundred quid for yourself, and you can stay for the orgy."

"That sounds great," I said. "But why me?"

"Well," he replied. "These people I'm entertaining have been to many orgies before. I need something a little different to turn them on. I want you to pick out the right underwear for each of the girls, fit it on them, make sure they wear it properly, that sort of thing. Then, if they really turn on these people I'm entertaining then I should be able to swing a very nice business deal with them. What do you say?"

"You want me to dress the girls?" I asked.

He nodded, and I could hardly believe my luck. I asked him where the girls were, and he said they were in the house, that he would put me in one of the bedrooms, and then he'd send the girls into me, one by one, so that I could fit them out. I asked how many girls, and he said over thirty. I reckoned that I'd just about got enough stock for that. So I went out to the car, got my case, and he showed me into this really huge bedroom on the third floor of the house. He said he'd sent the first girl into me in a few seconds.

I was still thinking that the whole thing was a joke, when the door opened and in walked this naked woman, and she was one of the most beautiful women that I had ever seen in my life.

She was tall, blonde, with firm ripe breasts, and a lovely looking cunthole. I dressed her in a pair of see-through pants and a half bra. She looked great.

The next girl, also naked, walked in. I put a bra on her which lifted her tits high in the air, and a pair of knickers with a slit in them so that her pussy lips poked out.

The next girl I put in a see-through nightdress, and the next one in a leather underwear outfit, and this went on and on, and naked girl after naked girl, walked into that room and I dressed them in my kinky underwear.

Of course I was getting rather worked up by all this, and by the time the last girl had left the room, dressed in a red see through bikini, my prick was really bulging out of the front of my trousers.

Then another girl walked into the room. "Sorry," I said. "I haven't got any more underwear left."

"My name's Sue, and I'm not here for underwear," she said. "The man who owns the house says that he now owes you a favour as you've dressed the girls up so well. He says that I'm to do anything you ask."

Again I could hardly believe what I was hearing. There was I, a normal, and not very successful salesman, and I was in a rather posh house, and a bird, a very lovely bird, was saying she would do anything I wanted her to.

I looked hard and long at her body, and that made my prick start to jerk like mad. She was wonderful. Her skin was creamy white, her breasts nice and ripe, her nipples red and fully erect, and she had shaved off all her pubic hair so that her qim lips were pouting and flopping out all over the place.

"What would you like?" she asked. "A cock sucking session, some water sports, a fucking, you name it and I'll do it."

"I'd like you to suck me off and then let my sperm go all over your face," I said.

She smiled. "You must have read my mind," she said, in a very sexy voice. "I just love having hot spunk go over me like that. Come on, take your clothes off and let's get onto the bed, and I'll give you the best blow job you've ever had in your life."

I took my clothes off and she smiled again when she saw how hard and stiff my prick was, and she pulled me down onto the bed and then kissed me on the mouth. Her lips were warm and soft and she really did know how to kiss. Her tongue went between my teeth and she allowed little drops of her sweet warm saliva to dribble into my mouth.

She then told me to stretch out and relax, and I did just that, and then she moved down my body and placed her face very close to my stiff throbbing prick.

She reached out with her right hand and fluttered the tips of her long slim fingers up and down my shaft, then she cradled my balls in the palm of her right hand and gave them a very gentle squeeze, and by this time my prick was just about ready to explode.

She sighed with pleasure, told me that I had a very nice cock, and then she peeled my foreskin all the way back and exposed the full swollen head of my glans. Her head went down and then the tip of her tongue started to flick all over the head of my swollen knob; her touch was smooth and soft and my knob was soon coated and covered with her saliva.

Then she stopped licking at my prick for a few seconds, she raised her head, said that my prick tasted very nice indeed, and then she asked if I would mind finger fucking her while she sucked me off. I said that I'd be pleased to do that for her.

She smiled then she moved her body round just a little and I saw that her pussy lips were all swollen and pouting with desire and that her thick looking juices

were dribbling out all over those fleshy lips.

I reached down there with my right hand and slowly stroked those fleshy cunt lips with the tips of my fingers, and she shivered and shuddered all over. I pushed two of my fingers in, and she sobbed with delight and her thick juices boiled up round my fingers.

The inside of her cunt hole was very warm, very wet, and very sticky. Her juices were bubbling and boiling away, and I started to slide my fingers in as deep as they would go, then I pulled them out again, then in again they went, faster and faster with each stroke, and I finger fucked her to a lovely orgasm.

Then she moved her head back down to my cock. This time she took my glans between her soft lips and sucked very gently at it, then she sucked my balls, then my cock again, then back to my balls, then she took my knob deep into her mouth and started to move her head up and down very quickly indeed and her tongue flicked at my shaft, her fingers played with my balls, her cheeks sucked at my knob, and all the time my own fingers were ploughing and rasping and slamming in and out of her tight sticky cunt hole.

My prick got harder and more swollen with each suck of her lips, and then it jerked like mad inside my mouth. She pulled it out very quickly and held it up to her face, and I watched as my sperm shot from my cock and went over her nose, in her eyes, on her forehead, in her hair, and started to dribble down her chin. She then took my prick back into her mouth and sucked hard on it, very hard indeed and drained the last few drops of come out, and then she swallowed them down.

I then took my fingers from her tight pussy hole, and she bent her head down and sucked her own juices from my fingers, then she used her own fingers to wipe every last bit of spunk from her face, and then she sucked the sperm from her fingers with her lips, then she sighed with pleasure, stood up, and left the room. I got dressed.

Shortly afterwards the bloke who owned the house came into the room, he was all smiles and charm. "You did a great job," he said. "You dressed those girls very well. Here's acheque for the underwear, and here's another cheque for yourself."

I thanked him and then asked him what sort of business he was in. He said he was an arms dealer, that once his guests arrived, saw how kinky all the girls looked, they would give him a large order for sure. He thanked me again, told me that the orgy as such would start in an hour or so, and again reminded me that if I wanted to, I could stay and join in.

I thanked him and said I would love to, then he left the room, and I flopped down in a chair and decided to get some rest. I could hardly believe my luck. All my life I'd dreamed of going to an orgy, and now that dream had come true. It would make up for all the lousy days spent travelling round the country trying to flog my gear, all the days spent talking to women who took the piss out of me, and it would more than make up for all the refusals I'd had from women in the past.

I must have fallen asleep, for when I woke up I heard the sound of music and laughter coming from everywhere in the house. I went to the door, opened it, then went down to the lounge.

There were naked girls and men everywhere, though not all the girls were naked, a lot of them were still wearing the kinky underwear I'd dressed them in.

I took off my clothes, put them in a neat bundle back in the bedroom, and then went for a walk round the house just to see what an orgy looked like, and I'll tell you this, it looked bloody fantastic.

I counted thirty girls and only twenty men, so you can imagine there was a lot of fun being had

by the men. I saw, in one of the bedrooms, two women wanking each other off with giant candles, in another room two women were sucking a man off at the same time. In another room there were three women being fucked by three men, and in yet another room there was a huge pile of about ten naked writhing bodies on the bed, and the smell of hot spunk and thick flowing love juices seemed to be everywhere in the house.

I had a good look round then thought it was about time that I joined in. I saw a rather large dildo on the floor and I picked it up and then went in search of a woman to use it on.

I popped my head round the door of a bedroom on the third floor and saw just what I was looking for. On the bed was a naked woman. She had long black hair and a great body, and she was running her fingers up and down the folds of her crinkled cunt lips, and her thick sticky cunt juices were dribbling out and soaking into the sheets. I asked her if she'd like me to stick the dildo into her cunt and wank her off with it and she smiled at me and then nodded her head.

I went over to the bed and held the dildo by the hard rubber balls, then I rubbed the glans up and down her cunt lips, and she sighed and moaned with pleasure and her hot juices just spurted out all over the place. I was just about to push the dildo into her pussy, when the door opened and another naked woman walked into the room. She had short black hair and very large breasts. The first girl's name was Kim, and the girl who had just walked into the room was called Jill.

Jill said: "Oh, that looks nice, can I join in?"

I told her she could do what she liked, and she got onto the bed and started to suck and slurp away at Kim's ripe breasts and very stiff pink nipples.

I was still rubbing the head of that thick dildo up and down Kim's crinkled cunt lips, and she poured out so much juice that it really did look as if she was pissing herself. I then shoved that dildo all the way into her cunt and started to wank her off with it.

Kim shouted with joy as that thick dildo went into her cunt hole, and as I plunged it in and out of her pussy, Jill kept slurping away at her tits and nipples.

I used one hand to ram the dildo in and out of Kim's cunt, and with my other hand I reached out and pushed three fingers into Jill's pussy tube and started to finger fuck her for all I was worth. Wanking two women off at the same time was something I had always wanted to do, and now I was doing it, and the whole room soon reeked with the heavy scent of thick flowing pussy juice.

JULIA

See JULIA pictured here in some really close-up, kinky sex action in QUEEN OF THE BLUES (X), one of the most explicit films ever to be screened in the West End. It's showing NOW at the Moulin Cinema, Gt. Windmill St., Soho. Even if you see no other blue film this year, DON'T MISS QUEEN OF THE BLUES!

THE MAN IN LADIES UNDERWEAR

Continued from page 24

I wanked them both off to an orgasm, and then I pulled the dildo out from Kim's cunt hole, and as I did so there was a great slurping noise. Jill wriggled round and took the dildo from my hand, and then she used her tongue to lick every last drop of Kim's juices from the shaft.

I then pulled my fingers, my very sticky fingers, from Jill's pussy tube, and Kim used her tongue to lap the juices from my fingers, then the two girls got into the 69 position and started to tongue fuck each other out.

I watched them suck and swallow down each others juices for a little while, and then I left the room and went round the house to see what else was going on. I found something right away. There were three girls touching and sucking and licking at each other in another one of the bedrooms, and when they saw me, and my stiff prick, they all smiled.

Now I didn't know if I could handle three girls at once, but I decided that I would have a bloody good try, or die in the attempt.

The first girl sat on my face and I drove my tongue deep into her pussy hole and started to suck her out, and her lovely hot juices flowed and bubbled into my mouth and I swallowed them down. The second girl sat on my prick and started to bounce up and down just as fast as she could, and with each bounce she drove my stiff prick ever deeper into her tight cunthole. The third girl used her tongue on my stomach and chest, and then she somehow managed to get round and start sucking at my balls.

It was really wonderful. I had a girl sitting on my cock, another one sucking my balls, and I was tongue fucking the third one and sucking down her juices as they flowed into my mouth. What more could a man ask for?

Then the girl got from my face, and the other girl stopped licking at my balls, and then both watched the third girl who was

PLAYBIRDS
Playbirds magazine, the leading colour porn magazine in the UK, continues to bring you new style porn. Its reputation was founded on several years of bringing to life subjects that no other magazine dared to match — single girl crotch/masturbation shots, group, duo and les sequences — all in glorious colour. Our colour porn duo set taken in daylight around Europe's famous landmarks — the Berlin Wall, Eiffel Tower, Big Ben — yes, he was there too! Plus regular pictorial stories, unusual object/vaginal penetration, one girl taking on three men — it's all there, in colour, unretouched — an awful lot of porn for very little money.

bouncing up and down like crazy on my stiff cock.

I shot a full load of spunk into her cunt hole and then she rolled from me, and then the other two girls dived on her and between them they sucked and licked every last drop of hot spunk, from her tight little cunt hole. It was a really wonderful sight to see two naked lovely girls sucking my sperm out of another girl's cunt hole. That memory will remain with me for the rest of my life.

After that I had a shower, dried myself, and then wandered round to see some more of the sights at the orgy, and the sights were well worth seeing.

I saw a woman with the neck of a wine bottle stuck inside her pussy hole, and she was wanking off as fast as she could. I watched her until she reached an orgasm, then she pulled the bottle out, held it up to her mouth and drank down all her thick juice which had dribbled into the bottle.

I saw a man with his prick in a woman's mouth, and while she was sucking him off, another woman was sucking her off, and a man was fucking this other woman.

I saw a red haired woman with a cucumber sticking from her pussy hole. I saw another woman with a prick in her mouth and another prick in her pussy hole, and at the same time another woman was sucking her tits for her.

There was one woman, stretched out on the carpet, and three men were standing over her and wanking off, and as I watched they all seemed to come at the same time, and three massive loads of hot spunk jetted through the air and then splattered down all over her writhing naked body.

One woman, with really large breasts, had lifted up her right breast with her fingers, had lowered her head, and was now sucking away like mad on her own nipple. I went over to her and started to suck her other nipple, and she had a most amazing orgasm. Then she looked down at my prick and she suggested that we go into one of the bedrooms so that I could push my penis into her cunt hole and then fill her up with spunk.

Her name was June, and she said she'd made quite a few blue films. We found an empty bedroom, and I started off by sucking and licking and slurping away at those amazing large tits of hers. She sighed and sobbed with pleasure as her nipples became harder and more swollen, and then she shouted out loud, her cunt lips gaped open, and a great stream of hot pussy juice blasted out and went all over the sheets on the bed.

I then moved down and pulled her cunt lips, her very fleshy wet cunt lips, open with my fingers and looked inside her love tube. She was very tight in there, and I could see her thick juices bubbling about, I could see her thick little clit bobbing around and vibrating like mad, and I could see masses and masses of wet pink flesh, it really was a lovely sight.

I took her clit into my mouth and started to suck at it. That clit was hot and salty and throbbed away in my mouth, and as I rolled it round with my tongue, she started to scream with passion and had a massive orgasm, and as that orgasm blasted through every fibre in her body, her juices boiled up and spurted into my mouth. I swallowed them down, and then I plunged my tongue all the way into her tight cunt and slurped out some more.

Then I raised my face from her pussy and said that I would very much like to see her drink down some of her own juices. She said she'd love to do that, and she reached down and pushed three fingers into her cunt hole and wanked herself to an orgasm, then she pulled her fingers out. Those long slim fingers of hers were now coated with her sticky hot cunt juice, and she placed them under her nose, sniffed, then she put them

deep into her mouth and slowly sucked her own thick juices from them, and as those juices of hers went into her mouth she had yet another orgasm, and once more her cunt lips gaped wide open and a huge stream of thick juice gushed and bubbled from her vaginal hole.

I then pushed my fingers back into her pussy and got them all covered with hot cunt juice, and then I wiped my fingers nice and dry on her tits, I then told her to suck her juices from her tits, and she liked that suggestion very much indeed.

She sat up on the bed and then I used my hands and lifted her left tit up just as far as it would go, and she bent her head down and then used her tongue to lap up the juices from that firm ripe tit, then she did the same thing to her other breast.

She said that she wanted me to fuck her, but she also wanted to be wearing one of the kinky knickers that I sold. I left the room, found a pair that another girl had taken off, and then went back into the bedroom.

She put them on. They were red, with black frills, and had a huge slit in the front of them, and her pussy lips looked really lovely as they pouted out from the gash in the front of those silk knickers.

She then stretched out on the bed, opened her legs, and told me to go ahead and fuck her. I'd never fucked a woman before who was wearing a pair of the knickers that I sold, and that gave the whole fuck an added thrill as far as I was concerned. It was quite funny being on top of her and feeling the silk material of the knickers touching my flesh.

Well, I was on top of her and my glans brushed over her knickers, then I found the opening, in the front of the knickers, then I slid the full length of my prick into her very tight sticky cunthole and started to fuck her just as hard as I could.

Her heavy thick juices boiled up round my shaft and glans as I powered in and out of her tight cunt, and she started having orgasms right away.

Her legs came up and clamped round my back, her cunt muscles started to squeeze and clamp down on my shaft, her breasts were pressing into my chest, and her nails were clawing at my shoulders, and sweat started to pour down from every single part of her naked flesh.

Her legs were almost breaking my back in half, and the strength of her cunt muscles as they squeezed down hard on my cock was amazing. I thrust deep into her and filled her up with my thick cock, and she screamed with lust. Her hot juices streamed out, her cunt lips started to swell, and as I fucked her I could feel the soggy material of the knickers rubbing against my skin.

In and out hammered my prick into that sticky tight pussy tube of hers, and my prick got so hard and so thick that her cunt walls had to bulge out to take it all in. Her hands were now playing with the cheeks of my bum, and I was fucking her faster than I had ever fucked any woman before.

Then she gave a great shout that made the whole bedroom vibrate, and the reason for that was that I had come, and my prick had ejaculated a really heavy huge pulsating stream of hot spunk into her tight cunt hole. She yelled out that she could feel my hot spunk swimming and flooding into her, and she wriggled her hips and bum about and tried to make sure that she drained every last drop of it from me.

I pumped away till I was dry, then I pulled my cock out. She smiled at me, and then she used her fingers and pulled her cunt lips wide open so that I could see all my hot sperm swimming about inside her cunt hole.

I asked her if she would like to have a taste of that spunk inside her cunt, and she nodded her

head and smiled. I pushed a finger into her pussy, pulled out some of my sperm, and then held my hand to her face. Out came her little darting tongue, and she licked my finger dry.

She then asked me to go and find a girl called Jean, and that Jean would do something that I'd really like. I found Jean in the lounge, she was wanking herself off with a candle. I took her into the bedroom, and then I watched as Jean pushed her tongue into the other woman's cunt hole and sucked and licked out every last drop of my hot spunk. Then the two girls started to make love to each other with their hands and fingers, and I decided that another shower would be the order of the day.

After the shower I had a look at some of the other things that were going on. I saw a woman sitting on a man's face, and he was tongueing her out and a woman was sucking him off, and a woman was kissing at her bum, and a man was fucking that woman. It was very difficult to tell who was who in that huge pile of naked bodies.

I then saw a sight that I will never forget. I saw a woman who was holding a tea spoon. She was pushing that spoon into her cunt hole, pulling out some of her juice, pushing the spoon into her mouth, sucking up her juice, and the she was pushing the spoon back into her cunt and getting more cunt juice out.

While I was watching all that, a girl called Freda came over to me, and without a word she knelt down in front of me, took my cock into her mouth, and started to suck me off.

She gulped and slurped and sucked and licked and gave me one of the best blow jobs I can remember, and when I shot my hot spunk into her mouth she swallowed it all down.

Then a man shoved his cock into a woman's cunt hole, and another woman sat on that woman's face, and her thick juices spurted out all over the place.

Another woman was wanking herself with a candle and at the same time sucking a man's cock in her mouth. In fact you name it and it was happening there.

I found a woman with a really huge pair of tits and fucked her, and afterwards I found Jill again and she went down on the woman and sucked my sperm out of her cunt. Yes, it was the orgy to end all orgies.

I left there at eight the next morning and phoned my boss in London. He was well pleased that I'd sold all my stock and he said he had a few leads in Manchester, and would I get down there right away.

I left my hotel and started to drive. I only hoped that Manchester would turn out to be as good as Liverpool, but if it didn't then no matter. For that orgy I had been to was something I would remember for a very long time, and I had also made a lot of money out of the sale of all the underwear. What more can a man ask for?

You may well want to know what an old lady like me has to tell rising generations about sex, and the reason I forestall this inquiry is because I can remember how when I was a girl I used to think that only young people had any inkling at all of what sexual matters were all about. The story I am about to relate, however, took place nigh on fifty years ago – I know the principals are all dead and gone, and since I myself must sooner or later follow them to the grave, I thought it best to take up the kind offer of this magazine to put down in writing for the very first time ever the strange events which befell me and my companions all those years ago, and if any of you choose to draw a moral from this tale, that's up to you...

My family have lived in the hills of Merioneth for as long as anyone can remember, but as is often the case with established populations, there has also been a long tradition of emigration, and I should think that now, in the latter part of this century, I must have relatives all over the globe. It was during the great Depression which swept western nations that my parents decided to take the plunge themselves: cousin Billy was already doing well for himself in a sheep station at the end of the earth in a place call Tierra del Fuego, and since we had always kept in close touch with him ever since his departure from our shores, he assured us of a warm welcome if we ever decided to make it out there.

I should add at this stage that there was another reason why cousin Billy (who was actually my mother's cousin once removed) was keen on having our branch of the family join him at the tip of the South American continent, and this had more than a little to do with me! At the time we set sail I was still a few months short of my twenty-first and still a spinster, though not for want of invitation. Perhaps I had too much of an idea of my own beauty in those days and was determined to wait for the real man of my life to appear, but so far I had managed to break not a few hearts in Merioneth. As to whether I was still intact or not, I can assure you that your grandmother's generation wasn't half as stuffy as you might like to think they were, despite the lack of contraceptives and the general moral climate, which still insisted that unmarried girls should be chaperoned in public.

So when my mother sent cousin Billy a recent snapshot of her only daughter (I have the photograph in front of me as I write) the poor man, alone on his windswept farm the other side of the earth, wrote back by return, inviting the whole family to come out at his expense, at least for a trial period, and fervently hoping that Daphne (myself) hadn't gone and got herself engaged to some undeserving bounder back home. This produced an absolute uproar as you can imagine, but the upshot was that my father, who had been out of work for seven months and had no prospect of ever returning to work in the foreseeable future, made up his mind to take Billy at his word – tickets were wired – arrangements made – neighbours' curiosity satisfied – and then suddenly we were sailing for South America.

It is not my purpose to chronicle the voyage itself, nor yet to describe the boat we sailed on, even though at the time to me it was a wondrous thing in itself. There were few other passengers on board for the outward trip (it was only a few years later that any sort of big-time emigration got under way) but among these was the only person apart from myself under the age of thirty, a lissom, broad-faced young girl from Cardiff called Meg. She too was planning to make a new life for herself in Patagonia – or rather she too was having a new life sketched out for her – and the only difference between my situation and hers was that there was no prospective husband waiting for her at the port of destination. If only we could have known when first we met what kind of situation we would soon find ourselves in...

There is an awful lot of time on one's hands on board an ocean-going steamer, and Meg and I were naturally thrust in on each other's company. I don't know whether I was specially childish for my age or whether she was specially grown up, but we soon formed a relationship of sister and sister, and the age difference of a few years didn't seem to make any problems; we played what we thought were sophisticated games, and we also masturbated at least once a day.

Meg had had the same kind of upbringing as myself – a stern Chapel-based morality which it took a lot of ingenuity to circumvent – but we both had the same attitude towards it, and it came as no real surprise to learn that my young friend was an accomplished masturbatrix. The first time we ever got to grips with each other was when tha boat docked at the Canaries to take on fresh supplies. It was so hot that we pleaded headaches and were therefore excused from attending the landing party which our parents were looking forward to with such enthusiasm. As soon as the cabins were deserted Meg and I locked ourselves into her family's quarters, panting with excitement as well as with heat: there had been something in the air between us for some days past now, and I myself had been abstaining from my nightly frig to save it up for the inevitable twosome which now took place.

When it came to it we were both a bit shy of each other, since I suppose that neither of us were that confident about stripping off in front of other people, but I took the initiative and got my friend naked as nature intended in a matter of minutes. The feel of the shuttered, near stiffling cabin comes back to me now as I write, over half a century of other sexual adventures, and it still gives a special tingle of delight as I recall the smell of my young friend's sweat, the sounds from the harbour, the almost imperceptible rocking of the boat at anchor.

Meg's body was still only half developed at eighteen. She had lovely little budding teats with pointed rubbery nipples sticking straight out like little thimbles, and I couldn't resist the temptation to bend down and suck hem one after the other as we sat side by side on the edge of my parents' bunk. By the time I raised my head from this delicious task Meg was already grinding her hand between the top of her thighs, and the smell of her juices were almost overpowering in the stuffy air.

She lost little time in getting my skimpy clothes off. I had taken the precaution of taking a shower before this promised encounter and of stealing some of my mother's perfume to make me even more alluring (I'm sure I had a real whore's instinct in those days) and the young girl gave a cry of delight to see my naked body bare itself beneath her gaze, my proud teats thrusting over my belly in the half-light of the cabin, my long legs stretching out luxuriously in front of me. Meg brushed her fingertips up the inside of my thigh and then her little hand was burrowing into the damp warm mound of my pussy.

The sight of her own slim body had done something to my nervous system, and I wrenched her knees apart aggressively, determined to get at the little fruit of her sex before her own fingers made me lose my self-possession. For an instant it seemed as though she might not yield up her cunt to me – her thighs gripped my wrist with surprising vigour – but then she relaxed and I was stroking the outside of her organ. Her hair was bristly over her motte, and my fingers had some difficulty in getting through the jungle to the treasure behind, and when I did I was in for something of a shock...

You see I had always imagined that this bright, pretty girl who was after all, almost my contemporary, would have managed to have lost her virginity by now. But no – my probing fingers soon told me the truth of the situation: her hymen was intact, despite the fact that she was used to inserting a couple of fingers in her tender slit night after night and waggling them around (I know these details because the charming girl proceeded to show me exactly how it was she was used to bringing herself to ecstasy.) Now I had never considered myself a lesbian in any respect, but the sight of her fingering herself with such abandon, sitting on the edge of the bunk and throwing her head back so that her russet curls danced all over her slim pale shoulders and her pretty mouth fell open, caused me to clamp my own thighs round my wrist and ride up and down on it until I too came like an express train, a shattering orgasm which made up for the previous few nights' abstinence.

I regret to report that the pair of us were so ennervated by our solitary masturbation that we hardly had any energy left for our original purpose, which had been to get to grips with each other in sapphic embrace. The heat of the day caused us to fall asleep as soon as we had come, with the result that we were woken by the sounds of the landing party returning from their sightseeing expedition and I don't have to tell you that we got our clothes on in double quick time and thrust open the shutters to let some of the pussy-scent drift out the porthole before my parents returned. So that was the end of our first session, and I must say that it left me feeling more than somewhat disappointed with the way things had developed: – I've said I was no lesbian and I still stick to that, but my appetite for Meg had been whetted almost beyond endurance, and I could hardly wait for the next opportunity to feel her up in the privacy of our cabin.

The next week or so passed in ever growing tedium: my young friend was so troubled by the heat that she was confined to the sick bay until we were well south of the equator, and the unaccustomed climate likewise did me in to such an extent that I no longer cared for the joys of sex in any form. Not that there weren't one or two members of the crew who might well have done service for what I craved, but the combination of my mother's watchful eye and my own modesty (my experience wasn't all that great) made certain that I never even got into conversation with any of the lusty, brawny types who peopled the upper decks.

We were within a day of our destination when disaster struck: the weather had become colder, the seas increasingly unpredictable, as we progressed further and further south, and then one morning the sun was completely blotted out by a vast grey cloud – we began to ship water alarmingly, and within the space of an hour we were told that the ship was racing towards the coastline of Patagonia and there was little the captain could do about it. We later discovered that the engine was only running at half-power, due to a fault in the antiquated boiler, but it was company policy not to admit to any such responsibility, so all the captain could do was to radio for help and do his best to keep the ship away from the rocky coastline, which we could see looming through the all-encompassing greyness on the starboard bow.

We were below when the ship ran aground. There was the most tremendous jarring shock and a fearful noise of rending timbers as the whole vessel slewed round through a half circle and then listed sickeningly. There was pandemonium, everyone realising that we were done for, and there was a general rush for the boats, only one of which could be easily lowered, so steeply was the ship listing. Somehow I became separated from my parents in the confusion, and then the boat was being lowered over the side in the raging storm.

There must have been a dozen sailors in the boat I was in, plus myself and the Mate, and – Meg! It was only several hours later, when the storm had finally abated, that I realised that my friend was huddled up at the far end of the long-boat, and I don't need to tell you that our greeting was mutually passionate. Even then I realised that several of the sailors, despite our fearsome predicament, were keenly aware of the presence of a couple of lusty young wenches, but they had to wait until the dawn of the following day before making anything of it.

When day did finally break we found ourselves near the mouth of what looked like a sheltered inlet and it was resolved to make for it with all dispatch. The sight of the brawny sailor lads straining at their oars and the smell of their sweat mingled with sea spray was enough to make me go damp between the legs, and Meg also was obviously beginning to become enamoured of them. When we made shore, the first thing to do was the build a fire and cook some of the emergency rations which hadn't been washed out of the boat in the course of the night. While some of the sailors were exploring the desolate coastline for driftwood Meg and I set up a shelter from the wind with a spare sail and a couple of oars, and it was quite obvious that the sailors appreciated our efforts to make some kind of a home for them while we waited for the inevitable rescue party which would have been launched by the captain's last radio message. What could have happened to the other boats we could only imagine as we huddled round the fire and ravenously attacked the provisions.

One of the sailors had cut himself badly about the forehead in evacuating the boat, and after our frugal meal Meg and I took him inside to do what we could by way of aid and comfort. The sailor was a young lad from Manchester, a short stocky fair-headed boy of about my age who kept apologising for putting us to such trouble. Naturally we told him to shut up as we bathed his temple and tried to make him as comfortable as possible under the circumstances.

There was such an intimate atmosphere in our makeshift tent that I found myself becoming quite aroused, particularly since the sailor's body was so hard and muscular under his old clothes, and when my eyes met Meg's for an instant I could readily see that she too, was beginning to get randy. Under some excuse or other we undressed the lad completely, and then covered him with some blankets which had been dried out over the fire, and I was agreeably impressed with the large dimensions of his genitals, easily the biggest that I had ever seen or felt – yes, I lost no opportunity to get my fingers round the base of his limp cock, and since he had had to be content with his own hand for the duration of the voyage, just as we ourselves had, the feel of someone else handling him made his knob stiffen and swell uncontrollably. It wasn't long before his erection was sticking up as bravely as the bowsprit of the ship we had escaped from, and the red swollen head was throbbing in no uncertain manner.

"Oh lord," whispered Meg, tentatively running a fingertip down the swollen shaft. "You think you could take that inside you?"

Now as it happened, this was exactly what I had in mind! The young lad from Manchester seemed nothing loath at this suggestion either, and when I hoisted my skirts and straddled his torso, his hands came up of their own accord to grasp my hips and helped my cunt lower itself onto the tip of his prick, which Meg held vertical in both her dainty hands. I could tell even at that early stage of the proceedings that the sailor wouldn't be able to last out all that long under the circumstances – in fact he was beginning to breathe hard and fast already, and in the event I only just managed to get the head of his massive tool inside my stretched and straining cunt-lips before he sat up and grunted once, and I felt his throbbing stiffer ejaculate high inside me while Meg still held the jerking shaft.

This was in fact the first time in my career that I had ever allowed a man to ejaculate inside my sheath, and the feeling was so fantastic it quite cancelled out any fears of conception which might have spoiled the occasion for me. The sailor was completely overwhelmed by the experiences of being straddled and handled at the same time, and when he'd finished shooting off, he was most apologetic, the 'young ladies', almost as if it was he who had taken advantage of us!

And as for young Meg – her emotions got the better of her and she openly masturbated in front of me and the sailor, who certainly didn't mind being treated to an exhibition of female frigging, head-wound or no head-wound! What a shame (I found myself thinking) that his very size precluded any possibility of getting my young friend to lose her virginity... On the other hand, there simply had to be another candidate in the party whose penile dimensions would be more suitable for such an encounter. I put the point to our charge as delicately as possible, and when later that day he went outside for a breath of fresh air, he put the question to his colleagues, who remained outside the tent throughout.

What I wouldn't have given to be able to witness what actually was said when the man with the sore head broached the subject with his ship-mates! Meg and I remained inside the tent hugging each other in a transport of anticipated sex, all inhibitions gone to the extent that she willingly let me stretch her vaginal lips with my fingers in preparation for something slightly more substantial. This was not long in coming: there was a cough just inside the flap of the tent and there stood a young chap whom I recognised from the upper decks, a slim pale young man from Bristol. In faltering tones he informed us that a brief inspection of all private parts had proved him to have the smallest of any man on board – he was therefore at our service…

We lost no time in making him welcome, in stripping him and getting him between the blankets with young Meg, who was already panting with lust for him. I made her lie on her back with her knees drawn up to her ears so that her little cunt was stretched as far as was humanly possible, and then got her swain to position himself over her fragile body. His member was about the size of a fountain pen, dead straight and smooth but considerably bigger than anything my young friend had even taken in the cunt before.

"Now just close your eyes my love," I told her, then grabbed the lad's cock and tugged it into the breach of her gleaming little cunt. The young man grasped her under the bum and thrust as hard as he could, there was a shriek from Meg and then a convulsive movement from her lover, he had breached the defences in one lunge!

I impressed on him that under no circumstances was he to do his stuff inside her. and he was as good as his word, thrusting gently within her until he felt unable to continue, at which point he withdrew and squirted voluminously all over her naked belly and breasts. The young girl was climaxing already, and the sight of his sperm jiggling over her heaving bosom made me come with sympathy. The three of us were still panting for breath when there was a tremendous shout from outside the tent: a ship had been spotted and an hour later we were rescued…

My parents had fortunately been saved, as had Meg's family, and all I have to add is that I married cousin Billy a month later, at the same time that Meg married her young sailor chap; and if that isn't a happy ending, I don't know what is…

THE LESBIAN TAPE

PLAYBIRDS Continental FICTION

By John Frampton

"I'd love to spank your bare bum and finger fuck your cunt at the same time!" Myra looked at the cassette player in astonishment as the female voice came from the speaker. She was even more astonished when she heard another female voice reply, "Why don't you, darling? Here! Now I've dropped my knickers you can see what you're after!" At that point Myra switched the cassette player off and sat down weakly to consider what she had just heard.

Hamish, her husband, had phoned a quarter of an hour earlier and had asked her to find a letter in his desk and to read it out to him. Apparently it was something to do with an order received from his firm and he had forgotten to take it to the office with him. Myra had eventually found it and had read it out to him as he had asked. It was when she had been searching for it that she had found this tape buried under a sheaf of papers. Curiosity getting the better of her she had decided to play it and see what it was all about. There was no hint of what it contained as the case was blank as was the small piece of paper on the tape itself. It was as she was playing it into the player that she saw the paper on the cassette was not entirely blank as she had thought. In small handwritten letters it bore the one word – SPECIAL. This only intrigued Myra all the more. Now she sure as hell knew what it was all about.

She wondered why Hamish had thought it necessary to have this sort of tape. As far as she was aware their sex life was as good as some and better than most. She could not think she had let him down in any way. Theirs had always been an open sort of partnership and they had never been afraid to experiment in sexual matters. Some had inevitably been disappointments for one reason or the other but the majority of successes had more than made up for the failures. There must be a good reason for this tape to be there at all she reasoned. She thought the best thing she could do was to start it again and listen to it right through. That way she might get some sort of clue as to what it was all about.

Again the girls voices filled the room as Myra listened to every word and sound coming from the machine. After only a couple of minutes she realised she was listening in to a lesbian pair about to enjoy themselves. This in itself did not disturb her. Lesbianism she understood and could easily tolerate. Indeed she had dabbled in it herself with her gym mistress at school in her younger days and from what she could remember she had found it a pleasant enough experience. Not quite as good as having a stiff cock rammed up her quim she admitted but nicer than wanking and tossing herself off.

As the tape progressed and the women became more and more worked up Myra could easily visualise what was going on. The sounds of squelching finger working inside sopping twats could be clearly heard in between the spanking slaps and shouts. Then came the unmistakable hum of a vibrator. Myra closed her eyes tight as she conjured up a vision of a black shiny throbbing monster burrowing through a forest of curly pussy hair and in between swollen sopping quim lips to rasp against a certainly solid clit. The screams of the girl reaching her climax turned Myra on fantastically.

Almost as suddenly as it had started the tape ran out. The silence was intense asMyra opened her eyes and at the same moment came the full realisation of the effect the tape had had on her. Her hand was stuffed up under the elastic of her panties and her fingers were buried deep up her sopping snatch! Her breath was coming in short gasps as her bosom heaved with desire. She was totally unaware of the player clicking off as she frigged her fanny like mad. She had to come off or go mad in the effort. Frigging her clit she jerked her bottom up and down on the chair as she fantasised about someone else pleasuring her. Her hand darted inside her dress and bra to squeeze her large right tit with its erect nipple as hard as she could. In a welter of pissing lovejuice she erupted in her wanking orgasm. She had no idea how long she kept herself on the boil anf had even less idea as to how she had ended up writhing on the floor mouthing silent fuck words to herself. Then it dawned on her that she had imagined another woman as being the person to bring her off in her fantasy.

Having a warm sharing nature Myra could not keep such pleasures entirely to herself. A quick look at the clock told her it was just after half past ten. She wondered if she should invite Diana round for coffee and let her into the secret. She wondered also if this would be fair to Hamish. Then she thought she had no guarantee that it was precisely with something like this in mind that he had left the tape there for her to find. That would mean that he had left the

letter in his desk deliberately but that was not impossible. In this way she convinced herself and reached out for the phone.

Diana and Myra had been friends for years and had shared most of their secrets with each other. On a couple of occasions they had also shared their husbands but that's another story. Myra could not keep the excitement out of her voice when Diana answered the phone. In a perverse sort of way Myra would not tell her friend what she was so worked up about in spite of all the questions Diana fired at her. Still, it was obvious to Diana that something was going on and that was enough for her to say she would be round in about ten minutes. With that they hung up the phone and Myra put on a clean pair of panties before her friend could arrive.

As was their habit the girls embraced as soon as they saw each other. Just a sisterly sort of peck but a kiss none the less. Although they had always done this Myra felt a tingling thrill as their lips brushed against each ohter. As the realisation of this struck her she found herself looking at Diana with fresh eyes. Now seeing her standing in the hallway Myra was amazed to discover she was regarding her more as a sex object than anything else. So absorbed was she with these thoughts that Diana had to ask her three times for the reason for the invitation for coffee.

"I'll be honest, Di," Myra answered. "I've just had a fantastic experience and thought you might like to hear about it."

"What's this experience then?" Diana asked next.

"Let me get the coffee organised first but I'll give you a step for a hint and tell you it's sexual."

"In that case you better not be long with the coffee," Diana grinned as Myra left the room.

Now that Diana was in the house with her Myra used the coffee making as an excuse to try to think out what might happen next. Her instinct told her that Diana would more than likely agree with almost anything she suggested. This brought her round to thinking just what it was she was going to suggest. Being an essentially honest person, and more importantly honest with herself, she soon admitted that what she really wanted was a sex session with Diana. The only real question to answer was would Diana be willing to co-operate in what could only be a lesbian scene? Myra thought she just might. Which brought her up with a start as this was the first time she had considered the possibility that she might be bi-sexual herself. She concluded she must have been a latent lesbian all these years and it was the tape that had triggered off her emotional need. Why else should she be trembling at the mere thought of having it away with another woman? Taking a deep breath to try to steady her nerves she lifted the tray with the coffee and biscuits and took it through to to living room.

Diana's concern when she saw Myra enter was sincere. "What on earth's the matter, dear? You're shaking like a leaf and your face is all flushed."

"Oh is it?" Myra replied, unable to keep the slight catch out of her voice. "It's all to do with what I heard this morning." The cups rattled as Myra laid them on the coffee table which prompted Diana to say, "For God's sake I'll help myself. I think you better let me in on your experience as quick as you like. I'm sure it'll help to get it off your chest."

At that Myra told her about how she had found the tape then confessed she had asked Diana to come round so that she could observe her reactions to it. "I don't know if it'll have the same effect on you, Di, but I'm just curious to find out if I'm unique or something."

"In that case you best let me hear it."

Before she switched on the cassette player Myra crossed the room and closed the curtains. Diana formed her own opinion as to the reason for this action and in the event she was 100% correct. Then Myra sat down opposite her and switched the tape on once more.

Again the female voice saying, "I'd love to spank your bare bum and finger fuck your cunt at the same time!" filled the room. Myra saw Diana sit bolt upright in her chair as she heard these magic words. She threw a quick quizzical look at Myra then devoted her full attention to the sounds coming from the tape.

Diana's mouth hung open and her eyes stared widely as the tape progressed. Myra found she was turning on all over again but did her best to keep a tight rein on her emotions. She found this easier by concentrating on the effect it was having on her friend.

Like Myra, Diana was a modern sexually aware broadminded young lady. Had she been otherwise Myra would of course never have invited her to listen to this recording of lustful passion, for such it undoubtedly was. Not only was Diana sexually liberated but she had the right shape to go with it. Although she wore a bra she insisted it was more for comfort than anything else. Her boobs were rather larger than average but firm and proud with it. Narrow of waist and flat of belly her hips flared out excitingly as quite a few of her men friends had discovered to their delight. But it was her minge fringe that was one of her greatest attractions as Myra well knew. Deep auburn like her crowning glory, the tight pussy curls were kept trimmed in a perfect heart shape. Only slightly thicker down the line of her slit Myra had never seen anything to compare with her cleft. In a way she was just a trifle jealous of this attribute because no matter how often she tried with her own snatch thatch she could never achieve quite the same result as Diana. Now as she watched her friend she thought it would not be long until she stripped off and, once nude, asked Myra to toss her off.

Myra made a supreme effort to stop herself from frigging her fanny as she studied Diana's reactions. Her hand was stuffed through the slit in the side of her skirt and occasionally Myra could see the fingers working inside the tights and panties. Her blouse was ripped open and her bra roughly pushed up to enable her to fondle her own stiff nipples. Her eyes now had a permanently glazed look. And the tape went on... and on... and on.

As the screams of orgasmic satisfaction screeched out from the cassette player Diana slid to the floor in a trembling heap. Gasping for breath she moaned, "You bloody bitch Myra. You knew what that tape would do to me. I'm nearly there. For fucks sake bring me off!"

"Take is easy baby," Myra said softly as she moved down beside the girl stretched out on the floor. "I'm not really such a bitch. I just had to know if it would make somebody else as randy as it made me. To be honest I've just wanked myself before you arrived but I've another idea now."

"I don't give a shit for your idea unless it means that I come as strong as my pussy needs. Can't you see how wet my knickers are? Just like I've pissed myself!" To emphasise her point she lifted her skirt into a bunch around her waist to let Myra see her crotch. Sure enough there was a large damp triangular patch spreading through her tights and panties.

"Get 'em off!" Myra said as she poked a finger at the wet snatch. "I'll tell you as quickly as I can what I've in mind to do."

While Diana became quickly knickerless Myra explained that she thought they might try to act out a bit of the tape themselves to see if the reality matched up to the images conjured up in their minds as they had listened. With her hand playing around her hairy quim Diana looked hard at her friend as the full implication of what she was suggesting struck home. "But I'm not a lesbian! I've never had it away with one of my own sex. Are you and have you?" she asked in a confused sort of way.

Confused it may have been but Myra understood what she meant. "We had a les gym teacher at school who played with my pussy once or twice and I goosed her too Di. Apart from that I've never had sex with another woman either. In fact up until I heard that tape for the first time I've never really considered it much. Then after this morning when it got to me so much that I had to wank that I recalled how it had been with Miss Simms. I think she was probably the first person to make me come though my memory is a bit dim. I can't even remember if it was before or after I lost my cherry but it was around the same time."

Still frigging away at her snatch opening without having too much success Diana said, "What's all this got to do with what you're suggesting anyway?"

"Just this," Myra said, placing the palm of her right hand firmly over Diana's naked tit. "Just this. I seemed to remember it was

rather nice the way Miss Simms did me and that led me to thinking I might well be bisexual. Lots of girls are you know. You'll never know until you try.”

Diana only took a moment to come to a decision. “I'm not saying you're right but right now all I want to do is to come like fury and I don't really give a bugger how it happens!”

Myra thought her friend could have been a bit more diplomatic about it but being in such a randy frame of mind herself she was prepared to overlook the way Diana had expressed herself. “Let's get completely nude then, Di, and see what happens.”

Both girls broke all records in stripping. Their clothes were ripped off as fast as light and thrown in an untidy heap in a corner. Although she had seen Diana in the nude before Myra still felt the thrill as she watched the perfect body emerge from its covering. The twin hillocks of her breasts peaked by her dark brown stiff teats held her attention for only a moment. Irresistably her eyes were drawn to the heart shaped minge hair. Droplets of lovejuice were seeping through the tight pussy curls while under the hairs the puffed up cunt lips were trying to poke through. Myra placed a finger along Diana's slit to press firmly on the stiff clit. .‘You've such a lovely tight hole, Di,” she murmured as she slipped a finger in between the sopping labia.

Although by her own admission Diana had never had any sexual dealings with another female Myra's actions and her words got her going as in a manner born. She groped Myra's twat urgently, hearing her fingers squelching in the lubricant, and repaid the compliment by squeezing on her erect clit. Their naked tits touched then squashed together as their mouths met in a deep tongue-probing kiss. Myra's spare hand moved down Diana's back until she could trace a finger down the valley of her bum crease. This sent Diana into raptures and as soon as she felt the finger prodding her she erupted in a violent climax. Her juices pissed out from her gaping love gash as she strained her mound against the heel of Myra's hand to force the fucking fingers further up her eager twat. As though they were a demon raging inside her Diana went completely crazy. Her mouth hung slackly open in a soundless scream while her arms and legs threshed all over the place. Although desperate for her own satisfaction Myra unselfishly kept up her finger fucking until Diana's movements eased and as the sex spasms subsided she drifted slowly back to normality. Quivering with the excitement of it all Myra wrapped her legs round her friend as she whispered soothing words to her.

When Diana was more calm Myra asked, “Well, what did you think of that then?”

“Oh God, it was so wonderful! You've converted me, dear. When I think of what I've missed all these years... But what about you? I'm sorry. I'm not thinking straight. Surely you didn't come off as well? Did you?”

“Afraid not,” Myra smiled. “Still I reckon we can do something about that now, don't you?”

“Of course. What was it the tape said? I'd love to spank your bare bum and finger fuck your cunt at the same time? I think that's right.”

“I think so too but what's that got to do with it?”

“I thought you were the one who wanted to act out the tape. if you're still of the same mind get a slipper then drape yourself over my lap Myra love.”

Myra immediately dashed out to return a few moments later bearing a slipper triumphantly aloft. “This'll do. Now let's get on with it.”

Diana sat on an upright chair and pulled Myra down over her naked thighs. With her boobs brushing the other girl's naked legs and her arse cocked up in the air Myra had never felt more vulnerable. She felt the smooth sole of the slipper being drawn slowly across her nether cheeks and a hand coming up under her legs to fondle her furry fanny. The aroma of Diana's arousal wafted up her nostrils making her even more desperate for something to happen. When it did she was hardly ready for it

With a stinging slap the slipper landed sharply across her right buttocks. Myra

Valerie, featured here is just one of the thirty really beautiful girls who appear in 'CONFESSIONS FROM THE DAVID GALAXY AFFAIR' AND join in on the action! 'Confessions from the David Galaxy Affair' is the bluest film ever made or released in Britain, the strongest film ever shown in Britain. We would however point out that the pictures here are not from the film. 'Confessions from the David Galaxy Affair' Stars FOUR top sex symbols, the late Mary Millington, Diane Dream, Debbie Delight and Rosemarie England PLUS some of the countries top beauty Queens (eg Miss Birmingham, Miss Bournemouth...) PLUS a host of really beautiful young actresses and models. However, 'Confessions from the David Galaxy Affair' is also a very funny film and features a host of top comedy names including Diana Dors, Bernie Winters, Anthony Booth, Alan Lake, Glyn Edwards, Queenie Watts, Milton Reed, etc. This film is so funny it will appeal to men and women alike (even though it's very explicit). MAKE SURE YOU DON'T MISS OUT on CONFESSIONS FROM THE DAVID GALAXY AFFAIR, it's showing in London at the Moulin Cinema, Gt. Windmill St., Soho and on selected release throughout the U.K.

THE LESBIAN TAPE

Continued from page 56

squealed instinctively but not entirely from pain. Granted her bottom felt hot where the blow had landed but in spite of that she found a certain pleasure in it. "Again," she gritted and Diana swiftly obliged this time landing the blow on the other bum cheek. After that the strokes of the slipper rained down thick and fast but not all that hard – Diana had some compassion in her make-up.

Myra felt her juices flowing faster as the spanking continued and the magic fingers squirmed up her quim. Her bottom was fiery red by this time but such was the height of her sexual passion that the burning sensation went unnoticed. She felt the first orgasmic spasm build up deep inside her twat then she was rocketed into orbit.

Now she stopped living out the tape. She was on her own like any other woman at the height of her passion. She gripped Diana's bare legs like a vice to keep herself from falling off as her body thumped up and down quite out of control. This was better than wanking. She gave all she had to the poking probing fingers rammed hard up her steaming cunt until, with a long shuddering moan she collapsed unconscious from her efforts.

Gently Diana withdrew her fingers from the satisfied sex crack and wiped them lazily on her own thigh. Myra came round quickly from her faint and jumped clear to return and enfold Diana in her arms. Again their boobs squashed together as she murmured, "Oh Di that was so marvellous. I only wish it could've gone on for ever. My cunt feels like it's on fire but it's such a delicious feeling. What do we do now?"

Both girls were still in a highly sexed state so it was no surprise when Diana asked, "Have you ever done any cock sucking Myra?"

"Oh sure I've gobbled Hamish off a few times. Why?"

"I just wondered if you would like to try your mouth at a bit of muff diving. I like my pussy being eaten."

"So do I!" Myra said. "Tell you what. How about us having a bit of the 'sixty-nines' together?"

"I thought you'd never ask!" Diana replied happily as she arranged herself on the floor.

Neither girl had ever experienced anything like this mutual suck-off. They discovered almost immediately that if they wanted something done to their own quim all they had to do was to do it to their partner who would then copy the action. So it was that when Diana felt Myra spread her pussy lips apart, drive her tongue up the slippery lovetube, and nibble on the stiff button of her clit that she did exactly the same to her. Both girls faces were covered in sweet sex goo as they avidly lapped up the juices flooding out from the cleft they were sucking at. When they came off it was in a thundering mutual climax. Their thighs crushed each other's head to keep mouth and tongue firmly in place at the seat of their passionate desire. Together they rolled around the floor yelling with cunt filled mouths at the top of their voices. With sheer dedication they sucked each other dry.

When they were more or less recovered the girls took a shower together which was not without its thrills either. They took the opportunity of washing each other as an excuse to indulge in a bit more touching up but, having been so well satisfied such a short time before they were able to keep their randy thoughts in check. When they were dry they dressed reluctantly but in case they felt the urge coming upon them suddenly again they remained knickerless and braless.

Diana stayed to lunch and it was over this meal that the pair of them hatched their plot. It was Diana's opinion that Myra finding the tape had been nothing more than coincidence. She agreed there was an outside chance that Hamish had it in mind to use it to turn Myra on but she thought it more likely he had it to give himself a cheap thrill – probably when he felt like tossing himself off. What the girls decided was to give their husbands a surprise that evening then spring the tape on them and watch reactions. Once they had settled all the finer points Diana went back home to prepare herself for the evening's entertainment.

When Hamish arrived home Myra said nothing about the tape to him. All she said was that she had invited Diana and her husband round for a few drinks in the evening. As she had replaced the sexy tape exactly as she had found it there was no way Hamish could suspect anything.

After Diana and Jack had arrived the talk was kept to more or less general topics while they had their first drink. When this was finished Myra asked Diana to come upstairs with her to see her new bedroom carpet. This was the excuse they had thought up when they had been planning the course they wanted the evening to take. Once in the bedroom the carpet was the last thing on their minds.

They removed their outer clothes then studied the effect each made. Both had put on open crotch panties and peep-hole bras together with frilly suspender belts and

THIS MONTH WE TAKE AN EXCLUSIVE LOOK AT THE CONTROVERSIAL SEX FILM

Emmanuele 3

WHICH SHOWS IN ENGLAND for the FIRST time from THURSDAY, MARCH 20th at the EROS CINEMA, PICCADILLY CIRCUS, LONDON. A list of provincial playdates can be found at the bottom of this page.

ONE OF THE MOST EXPLICIT SEX FILMS EVER MADE

We have selected **EMMANUELE 3** for a special review this month as it's the best sex film we have so far looked at this year. For those readers who like a really explicit sex film with a sexy story line **EMMANUELE 3** is YOUR SORT OF FILM.

EMMANUELE 3 is a NON-STOP sex film that leaves nothing to the imagination. Many readers will no doubt be shocked by some of the scenes in this film. It features group sex, two girl sex and straight hetero sex. There are also some unique scenes of much older men making love to some very young actresses!!! Scenes like these have never before been seen in England. DO NOT go and see **EMMANUELE 3** if you are easily shocked or offended. It's the controversial follow up to **Emanuelle Meets the Wife Swoppers.**

EMMANUELE 3 was shot exclusively in THAILAND and HONG KONG and features BOTH European and Asian beauties.

black stockings. Their pussy hair stuck out plainly through the opening in their nylon panties and, with a little mutual touching up, they encouraged their nipples to stick out through the holes in their bras. Then they goosed each other until the droplets of their moisture were clearly visible. Then, holding bums with one hand inside the back of the panties, they returned downstairs.

Throwing open the door with a flourish and making a noise like a fanfare the girls stood in the entrance jutting their hairy mounds out towards the two astonished men. Their faces were a picture of surprise and delight at the scene presented to them. Then the girls moved slowly into the middle of the room.

Lying down in the centre of the floor, and making sure both their husbands had a clear view, they launched into a splendid exhibition of lesbianism. They groped and poked each other with tongue and finger until their juices were flowing free. Then, as their passion approached its peak, they spun round to eat the heart out of each other's cunt. Within seconds they hurtled into an earth shattering mutual orgasm that had to be seen to be believed.

Hamish and Jack sat in silence as the trembling almost naked bodies quivering on the floor slowly became calmer. Then with their quims gleaming with a mixture of saliva and lovejuice the girls looks straight at their men. Both were holding enormous hard-ons out through their flies. With a half smile Myra said to Hamish, "I'd say we had you taped, wouldn't you?"

At first he hadn't a clue what she was talking about then it dawned on him. "Christ! Did you find it?"

"And how!" Diana chipped in. "It got us so turned on that we had if off a few times this morning. Then we thought you might like to watch, I've heard a lot of men do like to see a couple of females on the nest so we planned this little show for you."

"And damn well you did too!" Jack enthused. "Is there anything we can do for you in return?"

"Sure. You can ram that great big prick up my quim if Hamish doesn't mind," Myra said as she wriggled across the floor to Jack's side.

"I've no objections as long as I can poke my cock up Diana," Hamish agreed. The speed with which Diana draped herself over him and grasped his solid nudger was answer enough.

If the girls had undressed in record time earlier that day the boys beat them with seconds to spare. Almost as though it were one smooth movement the clothing hit the floor at the same time as the men lay down beside their already nude girls. They then humped like there was no tomorrow.

Hard, almost brutal, though the screwing was it was exactly what they all needed at that particular time. They came within half a minute of each other and with scalding spunk squirting up hot lovetubes they fucked their way almost to total oblivion. It was four very exhausted but deliriously happy people who fell apart to lie close together until they recovered.

Some time later Hamish supplied the others with the drinks of their choice and suggested they might do this more often. The girls thought this a great idea but Jack had something else to say. "It's fine for you randy lot but do you realise I'm the only one here who hasn't heard that tape yet?"

"Oh we can soon sort that out," Myra said as she crossed over to the desk and got the tape. Once again the sounds of lesbian activity and the slapping noise of the spanking filled the room. Jack was impressed – and he was not alone even though the others knew what was coming. It had the inevitable result. Before long the girls were hard at it again while the men used the time to raise fresh stiffs ready for the next certain fuck.
